

SarawakNet

Premier Online Services of the State of Sarawak

SarawakNet Infrastructure in Sarawak

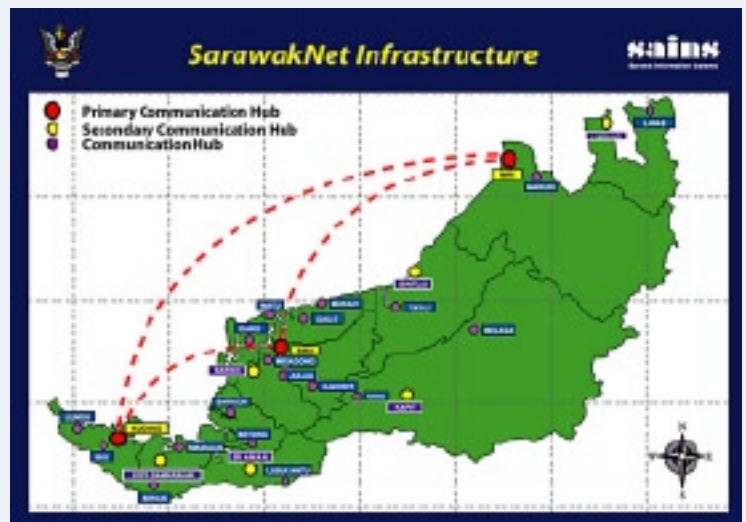

THE YAB Ketua Menteri Sarawak officially launched SarawakNet, the premier online services of the State of Sarawak (commissioned in 1996) on 16 June 1997. It is the information and electronic business network for the Government, Public and Private sector.

It is at present a Wide Area Network (WAN) linking over 400 Local Area Networks (LANs) and serving a total of over 13,000 registered users.

Currently, there are over 150 points of presence (POP) spread over 1,000 kilometres connecting the State Capital to all the 11 Divisional Administrative Centres in the State.

It serves as the focal point for effective data processing and dissemination of government information as well as an efficient gateway for e-government and e-commerce.

Today, the network is the operating portal for the overall State Government generic office computing. The ultimate aim of SAINS as the operator of SarawakNet is to provide a convenient and reliable forum for transactions of business electronically.

Riding on this network are the Sarawak Government Intranet Applications and other online services dedicated to facilitating and promoting electronic interactions and communications among Government, Business and Individuals.

When SarawakNet was first commissioned, only a few application services such as Leave Management System (LMS), Course Inventory System (CIS), and Development Project Monitoring System (DPMS).

Other services available then were Guide to SarawakNet Services, State Government Email Service, Government Circulars, General Orders, Bulletin Board, Anti-virus Clinic Service, Government Agencies' Telephone Directory and mirrored Internet sites including "Sarawak Online" which is the official homepage of the Sarawak Government.
